ON Semiconductor International Shipping Instruction Reference Manual

ON Semiconductor

INTERNATIONAL SHIPPING INSTRUCTIONS

ON Semiconductor (also known as Semiconductor Components Industries, LLC) has worldwide freight management programs with UPS, DHL Express, DHL Global Forwarding, Dimerco & UPS Supply Chain Services for its international air shipments. DHL Global Forwarding is the nominated forwarder for all seafreight shipments regardless of weight.

This Routing Guide applies only to shipments where ON Semiconductor is responsible for freight charges under incoterms FCA Origin (Supplier's Dock) or Ex Works. Freight charges should be THIRD PARTY BILLED – YOUR ON SEMICONDUCTOR BUYER CAN PROVIDE YOU THE APPROPRIATE ACCOUNT NUMBERS FOR USE WHEN SCHEDULING A SHIPMENT.

When determining the weight break please add up the weights of all cartons shipping on a given day to the same location and use that to determine appropriate weight breaks.

When contacting a carrier to schedule a pick-up for a shipment with special requirements or size considerations, make sure to provide the "ON Semiconductor Shipment Information Form" on page 22 of the routing guide. Please make sure you fill in as much information as possible when scheduling a shipment with the correct carrier per the weight break. For dangerous goods shipments or shipments requiring dry ice, do not use courier- use nominated forwarder for that lane. MSDS must be included in shipment booking.

Supplier is to call the designated carrier's local office or toll-free number to arrange pickup at Supplier's dock – contact information for nominated carriers are included here on pages 17-19. No prepaid or added freight charges of any kind will be paid by ON Semiconductor on Supplier's invoice. The ON Semiconductor **PURCHASE ORDER NUMBER** must be referenced in the Shipper's Reference Number area of all Bills of Lading, Airbills, shipping labels, packing lists, and commercial invoices.

Supplier is responsible for compliance with all appropriate export laws and government regulations. **Supplier shall provide all necessary export documents.**

The designated carriers will act as ON Semiconductor's customs brokers in most cases and all duties and taxes should be billed per the instructions on each page unless approved by ON Semiconductor's Traffic Department.

When shipping Capital Tools/Equipment for ON Semiconductor please complete the "ON Semiconductor Shipment Information Form" on page 22 and send to ON Semiconductor Phoenix (see ON Semiconductor contact list) to determine carrier to use.

ON Semiconductor is self-insured. Do not declare a value for insurance.
ON Semiconductor has a strict policy of using only CTPAT certified transportation partners.

There will be no deviations from these Supplier Shipping Instructions without the written consent of the ON Semiconductor Traffic Department. Failure to comply will result in premium freight charges debited to your account.

**Please complete the acknowledgment form on pg 21 and return to ON Semiconductor Traffic Department

INTERNATIONAL SHIPPING INSTRUCTIONS

SHIPPING INSTRUCTIONS ACKNOWLEDGMENT

ON Semiconductor requests its suppliers to acknowledge its international and domestic shipping instructions. Please complete the following information, sign, and return to the e-mail addresses below. Retain the shipping instructions in your file.

Latest version of these instructions can be obtained by asking your ON Semiconductor Buyer

COMPANY:	<hr/>		
ADDRESS:	<hr/>		
CITY:	<hr/>		
STATE OR COUNTRY:	<hr/>	POSTAL CODE:	<hr/>
SIGNATURE:	<hr/>	DATE:	<hr/>
NAME (Print):	<hr/>	PHONE:	<hr/>
TITLE:	<hr/>	FAX:	<hr/>

Note: If your company ships from multiple points other than indicated above, please provide addresses for these locations on the reverse side of this acknowledgment or on a separate sheet.

Thank you for helping us to reduce our freight costs and maintain consistent service by complying with these shipping instructions. Use of our designated carriers will allow us to effectively control cost and delivery of your products to each of our facilities.

Please complete the attached acknowledgment and return to ON Semiconductor Traffic Department
